

Program/Department: Associate of Arts in Liberal Arts: Social & Behavioral Sciences (18320)

Submitted by:

Date Submitted:

1. Award Program Student Learning Outcomes

- A. Think critically about how individuals are influenced by political, economic, cultural and family institutions in various cultural settings.
- B. Experience using social science methods of data collection and analysis in order to draw logical conclusions about individuals and society.
- C. Discuss, compare and contrast, and analyze U.S. and world political systems in various historical periods.

2. Mapping for Core/Required Courses of an Award Program

- 0 No Contribution:** The curriculum associated with the course Student Learning Outcome (SLO) does not contribute in any way to the students' ability to exhibit the knowledge/skills associated with the Award Program Student Learning Outcome (APSLO).
- 1 Minor Contribution:** The contribution of the curriculum associated with the course SLO to the students' ability to exhibit the knowledge/skills associated with the APSLO is not explicit but can be inferred.
- 2 Moderate Contribution:** The contribution of the curriculum associated with the course SLO to the students' ability to exhibit the knowledge/skills associated with the APSLO is clear. Data derived from the assessment of the course SLO can be used to measure the achievement of the APSLO.
- 3 Major Contribution:** The contribution of the curriculum associated with the course SLO to the students' ability to exhibit the knowledge/skills associated with the APSLO is explicit and substantial. Data derived from the assessment of the course SLO will be used to measure the achievement of the APSLO.

Utilizing the mapping criteria as your guide to linking course outcomes with program outcomes:
