2014-2015 Assessment Cycle

Measurements

Outcomes and Measures

SIGN 111 American Sign Language II Outcome Set

Outcome

Outcome 1

Students will be able to recognize and demonstrate intermediate level ASL vocabulary and grammar structure.

▼ **Measure:** Sign Language 110, SLO 1
Course level; Direct - Exam

Description of Measurement Tool: A midterm assessment containing 5 vocabulary words and 4 statements which were standardized across all instructors to assess receptive language skills. A follow up individual presentation by each student was also required to assess correct use of 5 vocabulary words and 4 different types of statements demonstrated in sign language by the student to assess expressive language skills.

Criteria for Success: Individual & Collective Student Criterion: A successful student must score 70% or higher on the assessment. A class is successful if 70% of the students are successful in achieving course outcomes.

Cycle of Assessment: The next assessment will be in Spring of 2016.

Who is Responsible for Assessment Activity?: Instructor will be responsible for administering the assessment and submitting results to the department chair. Department chair will compile data and complete reports on Taskstream, as well as share results with the department during FLEX week.

Outcome 3

Students will be able to identify and analyze issues facing the American Deaf community.

▼ **Measure:** Sign Language, SLO 3
Course level; Direct - Exam

Description of Measurement Tool: Students answered 14 multiple choice questions based on the chapters covered.

Criteria for Success: Individual & Collective Student Criterion: Students earning a grade of 70% or higher were determined to have successfully met the learning outcome. A class is successful if 70% of the students are successful in achieving the learning outcome.

Cycle of Assessment: SLO 3 will be assessed every three years, next assessment will be Spring 2017.

Who is Responsible for Assessment Activity?: Instructor will administer assessment and submit results to department chair. Department chair will compile and input data on Taskstream. Department chair will share results with full time ASL instructor and ASL adjuncts during Flex Week.

Findings for Sign Language 110, SLO 1

Summary of Findings: Two sections were assessed composed of 51 total students. Of the 51 students assessed the class average across the 18 assessment items was 80 percent correct.

Results: Criteria for Success Achievement Status: Met

Analysis of Findings:

Recommendations: The ASL department reviewed the findings for SLO 1 and were satisfied with the class average results. We noted that we need to change our future data collection to include the total number of students who got greater and less than 70 percent on an individual basis. These changes will be attempted for the Spring 2016 data collection point.

Outcome 3

Students will be able to identify and analyze issues facing the American Deaf community.

▼ **Measure:** Sign Language, SLO 3
Course level; Direct - Exam

Description of Measurement Tool: Students answered 14 multiple choice questions based on the chapters covered.

Findings for Sign Language, SLO 3

Summary of Findings: One Sign Language 111 was assessed. Out of 15 students assessed, 13 achieved the outcome, 86% success rate.

Results: Criteria for Success Achievement Status: Met

Analysis of Findings: Students who decide to continue to Sign Language 111 are truly interested in the subject, it is not just a class they take to fulfill a requirement.

Recommendations: Instructor plans to continue what she is currently doing to meet the 70% success rate.
