

**PROGRAM SLO ASSESSMENT REPORT, SCC**

Department: Mathematics Course: 070

Year: 2009 Semester: Fall

<p>1) Outcome to be assessed : Read, define and apply geometric vocabulary and symbols.</p>	<p>2) Means of assessment and criteria of success: Problems 1-4 on the final required students to read a problem with geometric symbols, understand how they apply to a geometric shape and determine the veracity of a statement (in symbols). At least 3 out of 4 correct will be considered proficient.</p>	<p>3) Summary of data collected: # correct: # of students 4: 7 3: 7 2: 1 1:1  14/16 show proficiency (87.5%)</p>	<p>4) Analysis of data: 12/16 passed the final. (1 that missed <math>\frac{3}{4}</math> passed the final). Generally, students were able to apply basic vocabulary and symbols.</p>	<p>5) Plan of action/what to do next: Continue assessing SLO's Assess #3 next time.</p>
