<p>Students will be able to complete a project of tangible use, implementation and value to the community under the guidelines of the instructor as a team member.</p> <p>Student will provide a written and verbal evaluation of the completed project.</p>	<p>A student presentation and report will be used to demonstrate course success</p> <p>The desired outcome is that 95% will pass the class with a C or better</p>	<p>22 students completed the verbal presentation and written report. The class average was 84% of the students received a letter grade of B or better.</p> <p>The desired outcome was met under the means of assessment and criteria of success.</p>	<p>The results exceeded the instructor's expectations. A class average increase of 84% received a letter grade of B or better. The method of assessment met the desired outcome and was proven to be highly effective.</p> <p>This observation shows the effectiveness of the criteria used to measure success with the combination of a student presentation and a written evaluation of a course project.</p>	<p>This next time this class is offered the same measures will be applied to determine the validity of these results. The course schedule for this class is yet to be determined.</p>
