

Course Assessment Report

Psychology Department
 Psych 100
 Spring 2013

Outcome to be assessed	Means of assessment and Criteria of success	Summary of data collected	Analysis of data	Plan of action/what to do next
Demonstrate familiarity with the major concepts, theories, methods, and findings in psychology.	12 common multiple choice questions. Success is 70% of the class earning a 70% or better.	Data collected for all sections of Psy100 taught by Psychology faculty.	Students achieved 70% or better on 8 out of 12 (67%) common questions.	Will discuss findings at next department meeting. Will use rating scale to help analyze differences between instructors (some may have had higher scores overall for specific questions) and brainstorm solutions.
Apply the scientific principles of psychology to everyday behaviors.	8 common multiple choice questions. Success is 70% of the class earning a 70% or better.	Data collected for all sections of Psy100 taught by Psychology faculty.	Students achieved 70% or better on 4 of 8 (50%) common questions.	Will discuss findings at next department meeting. Will use rating scale to help analyze differences between instructors (some may have had higher scores overall for specific questions) and brainstorm solutions.
