

COURSE SLO ASSESSMENT REPORT, SCC

Department: Inmate Education Course: VCNST 608 Introduction to Welding, Pre-Apprentice

Year: 2013 Semester: Fall

1) Outcome to be assessed	2) Means of assessment and criteria of success	3) Summary of data collected.	4) Analysis of data	5) Plan of action/what to do next
<p>A. Safely use tools and equipment for welding.</p> <p>B. Select the correct tool or equipment to use for the welding project.</p>	<p>Pass a welding safety test with 80% accuracy and demonstrate safe use of equipment.</p> <p>Demonstrate mastery by identifying and selecting the correct tool or equipment for the welding project.</p>	<p>Of 33 registered students 16 passed the welding safety test.</p> <p>6 students correctly identified and selected the correct tool for the welding project.</p>	<p>Pass rate: of 48% is a great improvement over the 7% pass rate in 2012</p> <p>The success rate of students demonstrating mastery is selecting the correct tool reflects low completion rates for students being released or reassigned and withdrawing from class.</p>	<p>The assessments are appropriate for this class. Observe and improve data collection for 2014. Work with the sheriffs department to increase attendance and completion for this class.</p>
