Notes:

Overview dashboard of Alumni outcomes based on matching student data to Emsi's database of online profiles. EMSI website
School summary shows highest degree per student and Program summary shows all students that earned degree in chosen program.

-Filters can be reset with command above report or unchecked manually. Charts filter tables and tables filter charts; use 'ctrl' to select multiple items within charts and table.
-Source data is from EMSI Alumni Outcomes Summary File with job information (From November 2020). Data includes students who took at least one class at SCU. Student with SAC degree had taken an SCC class at some point. SCC chosen by default; to match EMSI portal, change awarding institution to 'all'.

-Estimated wage are based on occupations and where they live; they are estimates of what alumni could be making at their current ages. Potential wage based on the average wage for their occupations.
-Occupations based on 5-Digit SOC (standard occupational classification).
