Apprenticeship Carpentry-Drywall/Lather

The Associate of Science degree and Certificate of Achievement in Apprenticeship Carpentry Drywall/Lather provide the related and supplemental instruction required for interior systems apprentices. Drywall/Lathers install metal stud framing, drywall, and lath according to layout plans, blueprints, and specifications. They frame and construct walls and ceilings to the necessary height and dimensions, and complete the construction for the interior/exterior of a building including the heavy gage framing and application for the exterior of the project. Successful completion may result in journeyworker status. Interested apprentices should contact the Carpentry Apprenticeship Committee and the Apprenticeship Office at Santiago Canyon College.

Associate of Science Drywall/Lather (11988)

Learning Outcome(s)

Upon successful completion of the major requirements for this degree, students will be able to

- Safely operate tools and equipment used by drywall applicators in the construction industry.
- Interpret prints to determine the appropriate use of construction methods and materials consistent with drywall applicator industry standards.

Major requirements* Units

Apprenticeship Carpentry 071A, Orientation 2

Apprenticeship Carpentry 071B, Safety and Health Certifications 2

Apprenticeship Carpentry 071C, Tool/Equipment Applications 1.5
