Email and Remote Portal

https://rsccd.edu/Departments/Information-Technology-Services/Pages/Email-and-Remote-Portal.aspx

Remote Access to District Email

District email for employees is available remotely at the following link: https://mail.rsccd.edu. By using your login, you will be able to connect to your district email through Outlook Web Access.

Remote District Portal

The Remote District Portal allows access to district resources from offsite computers at the following link: http://remote.rsccd.edu. You will be prompted to use your login for access. In the section called Web Bookmarks, some or all of the following links will be available: WebAdvisor, District Intranet, CI-WEB attendance, Report Repository, Enrollment Management Tool, RSCCD Publications Center Web Submission and Ad Astra7 Room & Event Scheduler.

Also available on the Remote District Portal are the Department Directories and the Private User Directories. These are located in the Files section of the portal below the Web Bookmarks. If you have been assigned a network Private User folder (usually your login) or granted access to Department folders (also known as H-Drive folders) they will be available remotely via the portal.
