BSI TASK FORCE		
1. BSI Task Force Report – Mary McMullin 2. BSI Task Force & Student Success Committee Strategies for Working Relationship	<ul style="list-style-type: none"> Distributed BSI Task Force report. Since November the Task Force has made good progress achieving their goals. The Developmental Education Mission statement has been approved. Different forums to raise awareness of Developmental Education were discussed, e.g. include topic at next convocation, more activities in Fall, weekly reports to Mary Halvorson, and College Council. Student Success Committee and the BSI Task Force long term goal will be to develop communication throughout the college community regarding Developmental Education and promote student success and persistence. Suggestions of ways to communicate information: information to adjunct faculty, General Ed. and Developmental Ed. faculty conversations, division meetings, survey for faculty to distribute, marketing campaign, flex activities. Another tool to communicate and capture the work of the Student Success Committee and BSI Task Force would be through a website. Academic Foundation Courses flow chart is a tool that can be used for students to better understand educational sequence. The one page chart could be distributed at department meetings, placed in Academic Planning Guide, schedule of classes and possibly catalog for both faculty and student audiences.
