

## Educational Master Planning Committee

Minutes from meeting of October 28, 2010

Members Present: Rosi Enriquez, Sean Phaykapong, Randy Scott, Alex Taber, Roberta Tragarz, Leigh Ann Unger, Joyce Wagner

Guests: Regina Lamourelle (Human Development)

The meeting started at 1:30pm.

### Human Development Program Review Discussion

Regina Lamourelle from Human Development discussed its program review with the committee. Copies of the departments' program reviews were distributed in advance to the members of the committee and committee members had the opportunity to ask questions, share comments and observations, and seek clarification on different points in the program reviews.

The department envisions a comprehensive Human Development program with flexible arrangements for students and modes of course delivery. The Human Development curriculum is subject to various external criteria. Currently, SCC's Human Development program would like to expand but cannot offer all courses necessary for certificates; for example, the department can only offer 2 of 8 courses required for the CAP (Curriculum Alignment Project) program. The main impediments to expansion of the program at this time appear to be a lack of resources and additional full time faculty.

### Committee Business

The minutes from the 10/14/2010 meeting were passed.

Craig Rutan, chair of the Curriculum and Instruction Council, gave an update to the EMPC regarding discussions in College Council about the role of the EMPC in the college's planning process.

The meeting ended at 3:00pm.

Subsequent meeting dates for the EMPC during the 2010-2011 academic year are listed below. The EMPC meets in E-308 from 1:30pm-3:00pm.
