

The STAR Center

Q & A Session Times

Summer 2022

If you have a specific question in biology, chemistry, or physics, the best time to stop by the center is during the times shown below. However, the STAR Center is open to all students including geology and astronomy. In addition to the Q & A sessions listed below, the STAR Center can help you form a study group. Our staff can reserve a space for you in the STAR Center and provide access to the STAR Center's resources—computers, books, lab equipment, etc. If interested, stop by the STAR Center, B-203, during regular hours and pick-up a Study Group request form. The STAR center will be open for a limited number of hours for summer 2022. Please check schedule below for times of operation and the availability of subject specific help.

	Tuesday	Wednesday	Thursday
12:00 PM	Biology	Biology	Biology
12:30 PM	12:00 PM	12:00 PM	12:00 PM
1:00 PM	3:00 PM	3:00 PM	3:00 PM
