

Alumni Stories – Tony Sherg

Tony Sherg graduated from Santiago Canyon College in 2014. He earned a Bachelor of Arts degree in Studio Art/Design from California State University, Fullerton. Mr. Sherg obtained an internship with Lucasfilm Ltd. and is now a full-time Designer in the Lucasfilm/Disney Media and Entertainment Distribution division. He creates 2D/3D/Motion graphics for all Star Wars Online video content, social media, and website, as well as assists on set for various productions, live events, and behind the scenes content. Mr. Sherg has two Emmy nominations for his graphic design work, including one Emmy win.

Mr. Sherg currently resides in San Francisco, California and enjoys design, painting, scuba diving, and golfing.

Favorite memories of SCC include (my favorite) art professor, Robbie Miller, and his positive attitude and invigorating class environment. Our trips to the park for plein air painting were some of my favorite days of the year. I also loved long nights in the library and Danielle "Danny" Martino's astronomy classes.
