What happens here matters.

Message from the President

Welcome to the Fall 2018 semester. New academic year. New experiences. New opportunities.

Whether you plan on earning an associate degree or a certificate or wish to be well-prepared for transfer to a four-year university or for employment, SCC can help you chart your course from today to tomorrow. Our campus provides students the opportunity to learn from award-winning, dedicated faculty who focus on student success. We offer a vibrant student life – championship athletic teams, student government and other leadership opportunities, clubs, and community service. You'll experience this and much more in a welcoming and supportive campus environment with excellent student services.

At SCC a primary goal for students is to ask themselves what they can do today. What can you do right now to learn something new or to communicate something learned? What can you do right here to advance your thinking, to be bold, to dream, or to imagine? What students do here each day is who they become. Let us do amazing things, right here, right now.

John C. Hernandez, Ph.D.
President

STUDENT RESPONSIBILITY TO DROP CLASSES

Students must drop a course by the end of the second week of instruction (full semester courses only) in order to avoid a financial obligation to the college. Students who have enrolled for classes and decide not to attend must drop classes by Sunday, September 9, 2018, to avoid a "W." Classes dropped after that date will appear on the student record with a "W" grade. **You must drop your course online. Check your schedule to verify that the transaction was successfully completed. You are only eligible for a refund if you drop by September 9, 2018.**

ATTENTION! Even if you stop attending the class, you owe the fees unless you drop the class before Sunday, September 9, 2018:

Short term sections: Please check section info for specific dates.

MANAGE MY WAIT LIST—THIS IS THE STUDENT'S RESPONSIBILITY

- Once a class fills its seats to the limit, a wait list is created. Although you may see an open seat – you may only add yourself to the wait list.
- It is your responsibility to check your schedule each day to see if you have been moved from the wait list into an open seat. You may be dropped for nonpayment if you fail to pay within three days.
- When students are dropped for non-payment, seats may become available. Students on the wait list **WHO ARE ELIGIBLE FOR THE CLASS** will be rolled automatically into the open seats. An email will be sent to you when this happens. **You have 3 days to pay. Failure to pay on time may cause you to lose the class and a place on the wait list.**
- If you have not met the class pre-requisite or if you do not have a class waiver (i.e., permission to register for the class online), you will remain on the wait list and will not roll into an open seat.
- Online classes do not always allow wait listing. Most online courses overload their capacity. Once that capacity is filled, the class is closed. You will not be able to get on the wait list. **DO NOT EMAIL THE INSTRUCTOR.** You may not receive a reply.
- Some wait lists may have a maximum limit. If you cannot add to the wait list, then it is probably full. Look for another section.

TESTS—PLACEMENT

PLACEMENT TESTING

Students who plan to take courses in English, English as a second language, math, reading and chemistry must take placement tests. SCC uses placement instruments approved by the California Community College State Chancellor's Office, which means that students' assessment profiles correlate highly with their ability to perform at their placement level.

English Placement: The college has two English programs and therefore two placement instruments, so students need to determine which test is appropriate for them. Taking the correct placement test puts students in the course which offers the kind of instruction they need. Native speakers of English should take the College Test for English Placement (CTEP); non-native speakers/ESL students should take the Test of English Language Development (TELD). Both tests can place students into English 101 (College Level English).

Math Placement: The Math Diagnostic Testing Project (MDTP) has four different levels. Students choose the level they feel best prepared for. Sample questions for each test level are available in the Testing Center, Counseling Center, and online at www.sccollege.edu/testing.

Chemistry Placement: To register for the Chemistry 200A (General Chemistry) placement test, students must call the Testing Center at 714-628-4985.

Disability Accommodations: Students who require disability-related accommodations for placement tests must request them at least two weeks prior to testing and provide disability verification from a qualified professional. To arrange for testing accommodations, contact Disabled

Students Programs and Services (DSPS) at 714-628-4860 to schedule an evaluation of needs.

Test Results and Coursework from Other Colleges: Recent placement results from other colleges (in the last two years for English or in the last year for math) may be accepted. Students must bring official copies of placement test results to the SCC Counseling Center (D-106) for verification and prerequisite clearance. Placement test information from other colleges must include the student's name, name of the test(s), the testing dates(s), the raw score(s), and course placement.

Students who have attended another college and have completed the necessary coursework in English, math, reading, and/or chemistry can bring transcripts to the Counseling Center for verification and prerequisite clearance. Or, you may complete an online pre-requisite clearance request at sccollege.edu/counseling and select "Course Prerequisite Clearance" for test results being utilized from other colleges and/or completed coursework.

Steps to Complete Testing

1. New students must first apply to the college.
2. Students who apply early will be guided to schedule their testing appointment by calling 714-628-4985. Priority testing appointments are available on a first-come first-served basis.
3. Continuing students who have not tested or who need to retest should complete testing as soon as possible.
4. Students who complete testing will be provided orientation and counseling to develop a first-semester education plan.

STUDENT SUCCESS AND SUPPORT PROGRAM (SSSP)

The **Student Success and Support Program (SSSP)** supports the transition of new students into the college by providing them services that promote academic achievement and successful completion of degrees, transfer preparation, career technical education certificates, or career advancement.

New students are required to complete core services: assessment, orientation, and advisement, and these services must be completed in order to access their priority registration time. During this process, students will receive assistance in completing an abbreviated education

plan; however, a course of study (major) and a comprehensive student education plan must be completed by the third semester but no later than completing 15 degree-applicable units. Students may accomplish this requirement by enrolling in a counseling course, or by scheduling an appointment with a counselor. A request to be exempt from completing one or more core services is available on the Admissions & Records website. Exemption approval requires that students provide sufficient justification for their request.

RIGHT TO APPEAL

Students who feel that they have been treated in a discriminatory manner regarding any aspect of the college's assessment and course placement services or want to appeal their recommended placement level may contact the Dean of Counseling and Student Support Services. Call 714-628-4775.

TITLE 5, SECTION 58108: LOSS OF PRIORITY ENROLLMENT

- You will lose registration priority if you are on academic and/or progress probation
- You will lose registration priority if you have more than 100 degree-applicable units

Friday evening and Saturday classes are offered at SCC. Look for the  symbol!

DISTANCE LEARNING FOR FALL 2018

PARTICIPATION, ATTENDANCE & EXAMS

Students enrolling in *online* courses will have the opportunity to complete their course work outside of the classroom. Students enrolling in a *hybrid* course will be required to come to Santiago Canyon College for a portion of their course. Hybrid courses will list all required meeting dates in the “comments” of the course listings section. Distance Education instructors will communicate with their students on campus, by telephone, or via email, to discuss concerns or questions which may develop during the course.

ACCESS REQUIREMENTS

Online courses require students to have access to a computer with an individual email account and access to the Internet. Internet access is available to students in the Santiago Canyon College Library.

COURSE INFORMATION

Information about distance learning can be found online at:

www.sccollege.edu/distancelearning

Look for the online course symbol  for online courses and hybrid course symbol  for hybrid courses next to classes in the course listing section.

LEARNING COMMUNITIES

LEARNING COMMUNITIES: WHAT ARE THEY?

Learning Communities are paired/linked classes that provide a once-in-a-lifetime, out of the box experience for students wishing to go beyond the traditional classroom. These courses are offered together, with instructors and students working together as a single "community." This community of learning and support helps students achieve their full potential as learners.

LEARNING COMMUNITIES: WHY JOIN ONE?

Decades of research have conclusively supported that students who enroll in learning communities:

- Stay in school longer because of the convenient class schedule and community support,
- Earn better grades across all courses, and
- Get much more out of their college experience than students only taking traditional courses.

LEARNING COMMUNITIES: HOW DO THEY WORK?

If you are planning on enrolling in a particular learning community, you must enroll in all linked courses within the learning community. If you drop one course, you will be dropped from all courses within that learning community. The uniqueness of your learning community is that you, your classmates and instructors will share this community experience week after week exploring new ways of addressing material found in traditional courses.

Exploration and Discovery: Composing Pathways to Success

The collaboration between academic instructor and counselor will help students, especially underprepared students, develop study techniques, stress management & time management strategies, test-taking skills as well as other valuable academic behaviors to maximize their chances for success. Assignments and activities will focus on helping students use various support services to grasp academic materials and strengthen their writing abilities while also considering the personal, cultural, and career options available to them.

AMERICAN COLLEGE ENGLISH PROGRAM (ACE/ESL)

The ACE program is for students who have an English as a Second Language (ESL) background or who had English Language Learner/Development (ELL or ELD) classes in high school.

ACE courses are intensive and emphasize writing, reading and speaking skills development to prepare you for success in all of your college-level courses.

Before you can register for ACE, you need to take the TELD placement test. ESL students who take the other English placement test (CTEP) are often placed in

English N50 or N60 and might not pass because they lack the necessary fluency in writing. To register for the TELD, go to <http://www.sccollege.edu/Departments/testing>.

NOTE: The TELD can place very advanced ESL students into English 101.

The following chart shows the levels in the ACE program. Students who place below ACE 052 can take classes in SCC’s Continuing Education ESL program, which can be contacted at 714-628-5900. Not all ACE courses are offered every semester.

ACADEMIC PLANNING

PREREQUISITES AND COREQUISITES

PREREQUISITE

Prerequisite indicates a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite. **All prerequisite courses must be completed with a letter grade of "C" or better.**

COREQUISITE

Corequisite indicates a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.

RECOMMENDED PREPARATION

Indicates that while a course is not required prior to enrollment, it is highly advised in order to strengthen the likelihood of success in subsequent courses.

PREREQUISITE CHALLENGE POLICY AND PROCEDURES

COURSE PREREQUISITE POLICY

Prerequisite means the preparation or previous course work considered necessary for success in the course. The College requires students to complete prerequisites as pre-enrollment preparation. Prerequisites which are listed in the college catalog include:

1. Courses for which specific prerequisites have been established,
2. Sequential course work in a degree-applicable program, and
3. Courses in which an equivalent prerequisite exists at a four-year transfer college or university.

Questions about prerequisites are best resolved with a counselor or instructor prior to the first day of class.

PREREQUISITE CHALLENGE PROCESS / WAIVER PROCESS

A prerequisite challenge requires written documentation explaining alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite Challenge Form can be obtained from the appropriate division office. Prerequisites may be challenged for one or more of the following reasons:

1. The college has not developed the prerequisite according to its established procedures or has not developed the prerequisite in accord with existing statutes.
2. The prerequisite is discriminatory or is being applied in a discriminatory fashion.
3. The College has not made the prerequisite course reasonably available.
4. The student has documented knowledge and abilities equivalent to those specified in the prerequisite course.

The challenge will be reviewed by a committee consisting of the division dean, or designee, department chair, or designee, and one department or division representative or designee.

If space is available in a course when a student files a challenge to the prerequisite or corequisite, the district shall reserve a seat for the student and resolve the challenge in a timely manner. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

NOTE: Students who are challenging a course which is a requirement for a degree or certificate may wish to use the *Credit by Examination* process to receive credit for the challenged course.

TITLE 5, SECTION 58108: LOSS OF PRIORITY ENROLLMENT

- You will lose registration priority if you are on academic and/or progress probation
- You will lose registration priority if you have more than 100 degree-applicable units

FIRST CLASS MEETING

ACADEMIC PLANNING (continued)

EDUCATIONAL OPTIONS

ASSOCIATE DEGREE REQUIREMENTS • 2018–2019

Associate Degrees

Earning an associate degree, a student must fulfill the requirements listed under I, II and III below.

I. Unit and Residency Requirements

60 UNITS of degree applicable coursework are required, with at least a 2.0 grade point average. At least 12 of the units must be earned at Santiago Canyon College and at least 6 of those units must be in courses required for the major. Units earned at an accredited college or university on a Pass/No Pass basis will be counted toward the degree requirements of the college, to a maximum of 15 units.

II. General Education Requirements

The general education requirements can be met through the completion of one of the following general education plans.

Plan A: Santiago Canyon College General Education Requirements page 40

Plan B: California State University General Education Breadth page 42

Plan C: Intersegmental General Education Transfer Curriculum (IGETC) page 43

The general education requirements can be met by submitting a transcript showing completion of a bachelor's degree from a regionally accredited institution or by submitting a transcript showing completion of an associate of arts or associate of science degree from a regionally accredited California institution within a ten-year period of finishing major requirements at the college.

III. Major Requirements

Each degree and certificate program specifies courses required for the major (a minimum of 18 units). Students must complete these courses with a grade of C or better. For programs of study leading to an associate degree see the SCC Academic Programs section of the SCC College Catalog.

A course may be used to satisfy a major requirement and meet a general education category requirement. Non degree applicable courses may not be used for graduation requirements.

IMPORTANT NOTE: The list of courses will be subject to change year by year, but students are assured that courses taken to meet General Education requirements will be honored if they are approved for the academic year in which they are taken. Courses on this list are approved beginning Fall 2018 and are valid through Summer 2019.

Associate Degrees for Transfer

Earning an associate degree for transfer, a student must fulfill the requirements listed under I, II and III below.

I. Unit and Residency Requirements

60 UNITS of CSU-transferable semester units are required, with at least a 2.0 grade point average. While a minimum of 2.0 is required for admission to the CSU, some majors may require a higher GPA. Please consult with a counselor for more information. At least 12 of the units must be earned at Santiago Canyon College.

II. General Education Requirements

The general education requirements can be met through the completion of one of the following general education plans.

Plan B: California State University General Education Breadth page 45

Plan C: Intersegmental General Education Transfer Curriculum (IGETC) – CSU Option* page 46

* Students who are following Plan C: IGETC and are planning to transfer to a CSU must complete Area 1C: Oral Communication CSU admissions requirement.

III. Major Requirements

Each degree program specifies courses required for the major (a minimum of 18 units). Students must complete an "AA-T" or "AS-T" major as detailed in the program section of the catalog. Completion of these courses must be done with a grade of C or better. (Title 5 § 55063)

Petition For Graduation and Catalog Rights:

Students must submit a Petition to Graduate to earn an associate degree, certificate, CSU Certification and/or IGETC Certification. Petitions for graduation should be filed in the Office of Admissions and Records at Santiago Canyon College when a student has completed at least 30 units or one semester prior to the expected semester to graduate. Students who maintain continuous enrollment have the option to meet the associate degree or certificate requirements as listed in the catalog in effect at the time of first enrollment or any subsequent year.

Continuous enrollment is defined by earning a notation on a transcript (letter grade, W, NP, P or I) for at least one course during any semester, or session, within that academic year. An academic year begins with the fall semester and concludes with the summer session. So long as the student remains in attendance in any one semester (fall/spring) or session (summer/ intersession) per academic year, the student has the ability to elect to meet the graduation requirements in effect at the time beginning his/her continuous enrollment or in more recent catalog years.

If a student does not earn a note on their transcript during any of the semesters, or sessions, during an academic year, then the student is no longer protected by previous associate degree and/or certificate requirements and will be held to the additional requirements. The student must then reset their catalog rights clock to use the catalog at the time of readmission or subsequent enrollment.

In the event a loss of catalog rights due to extenuating circumstances, a student wishes to waive or substitute a requirement for an associate degree and/or certificate, the student could complete the appropriate form and submit to the Exceptions for Academic Regulations (EAR) Committee for final determination.

Commencement

Commencement is held once a year at the end of the spring semester for those students who have completed or petitioned for a degree during the current academic year (Fall 2018, Spring 2019, or Summer 2019). A Petition to Graduate to participate in commencement must be submitted to the Admissions and Records. Exceptions may be made to accommodate students petitioning for Fall 2018.

NOTE: Transcripts from all colleges attended must be on file.

The information above was in effect at press time. Please consult a counselor before enrolling.

CERTIFICATE OF PROFICIENCY PROGRAMS

A Certificate of Proficiency is under 18 units and/or is not a State-approved program. A certificate is verification of completion in a particular subject matter. A certificate will NOT be included on the official transcript. Certificate programs include only those courses which focus on vocational skills. The certificate has the sole objective of employment in a specialized area and for this reason there are no general education requirements in a certificate program.

Santiago Canyon College certificate programs are described in the catalog section on College Credit Instructional Programs. To qualify for a certificate of proficiency, a candidate must meet the following requirements:

1. **Courses:** Courses are designated for the specific certificate.
2. **Grades:** At least a C grade in each course required for the certificate, unless otherwise specified. Credit by Examination may also be used to gain credit for required courses.

CERTIFICATE OF ACHIEVEMENT PROGRAMS

A Certificate of Achievement (18 or more units or state approved under 18 units) is a verification of achievement in a particular academic or occupational area, and it will be included on the official transcript. Certificate of Achievement programs normally include only those courses which have a direct bearing upon specialized occupational competency since the certificate has the sole objective of immediate employment in a specialized area. For this reason there is no general education requirement in a certificate program. To qualify for a Certificate of Achievement, a candidate must meet the following requirements:

1. **Courses:** Courses are designated for the specific certificate.

The "transfer rate" represents non-completer students who transferred to any other two- or four-year institution within three years. These rates do not represent the success rates of the entire student population at SCC nor do they account for student outcomes occurring after this three-year tracking period.

Requirements vary by UC campus. Check with a Santiago Canyon College counselor to determine which course(s) to take.

5. A course taken at other regionally accredited institutions (which do not maintain an IGETC certification list) may be approved for certification via a "Pass Along Petition" and after a review by the Santiago Canyon College Articulation Officer. Pass Along Petitions are available from the Santiago Canyon College Counseling Department and must be accompanied by the appropriate documentation.
6. Courses completed at foreign institutions are not acceptable except for certification of competence in a language other than English.
7. Completing IGETC prior to transfer is strongly recommended and can be advantageous in the admissions process. Partial certification is permitted if the student has completed all but two courses on the pattern. Please see a Santiago Canyon College counselor for guidelines.

FINANCIAL ASSISTANCE

The California College Promise Grant (CCPG)

Formerly known as the Board of Governors Fee Waiver. There are three ways for California residents to qualify to have their enrollment fee waived at SAC and SCC. Submit the completed CCPG form to the Financial Aid Office for Method A and Method B.

METHOD A UNTAXED INCOME

You are eligible if you complete the CCPG application and provide the required documentation showing you or your family are receiving TANF, Cal Works, SSI/SSP, or General Relief. You also are eligible for a dependent's fee waiver if you have certification from the California Department of Veteran Affairs or the National Guard Adjutant General or if you are a recipient, (or a child of a recipient) of the Congressional Medal of Honor or a dependent of a victim of the September 11, 2001 terrorist attack. Additionally, you are eligible as a dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty. Verification of benefits is required.

METHOD B FAMILY INCOME

To be eligible, you must complete the CCPG application, signing a statement, under penalty of perjury, that the income information is true and that the family income does not exceed the state income standards determining eligibility.

METHOD C FINANCIAL AID APPLICANT

Complete the FAFSA or Dream Act application process, and provide the Financial Aid Office with all requested documentation. Once the needs analysis is calculated, applicants with at least \$1,104 of unmet need will be awarded a CCPG C, which pays the Enrollment Fees for the entire academic year and provides a refund to students who have already paid their fees.

In order to remain eligible for the California College Promise Grant (CCPG), you must be meeting academic standards. If for two consecutive primary terms, you are placed on Academic or Progress probation, or any combination thereof, you will lose your CCPG Fee Waiver eligibility.

If you lose your CCPG eligibility for not meeting academic standards, you may appeal. Also, appeals will be reviewed that have documented extenuating circumstances. For example, verified cases of accidents, illnesses, or other circumstances that might include documented changes in the student's economic situation or evidence that the student was unable to obtain essential student support services. Extenuating circumstances also include special consideration of specific factors associated with Veterans, CalWORKs, EOPS, and DSPS student status.

If you are a Foster Youth, you are not subject to the loss of CCPG Fee Waiver for not meeting academic or progress probation.

The Financial Aid Application Process: Apply Now for 2018–2019

In order to apply for any financial aid program, you must complete the FAFSA (www.fafsa.ed.gov) or California Dream Act Application (dream.csac.ca.gov) online by June 30, 2019. If you are required to use your parent(s) income information, refer to the federal IRS Income Tax Forms or use the IRS Data retrieval tool (FAFSA Only). The state Cal Grant application process requires you also submit GPA verification. If you have completed 16 degree-applicable units at Santa Ana College or Santiago Canyon College, your GPA will automatically be submitted to the state. If not, you will need to submit your high school GPA on the paper GPA Verification form. **Cal Grant deadlines are March 2nd (maximum opportunity) and September 2nd (limited number of awards).**

Once you have applied for financial aid, the FAFSA processor will send you a Student Aid Report (SAR). The SAR includes your Expected Family Contribution (EFC). An EFC is used to determine your Pell Grant and CCPG C eligibility. The California Student Aid Commission will notify you of your Cal Grant eligibility. Each college you have listed on the FAFSA or Dream Act may SEND you additional forms to be completed and turned into the Financial Aid Office. After all required documents have been processed; you will be awarded the financial aid programs you are eligible for and an Award Letter will be emailed to you.

If your family circumstances have changed, due to illness, loss of a job, etc., ask about "Special Circumstances" that could affect your eligibility.

Withdrawals and Repayments of Financial Aid Funds

Federal regulations may require students to repay federal funds if they drop or withdraw from all classes; drop classes after disbursement; or are dropped by the instructor due to excessive absence. Based on the date of the COMPLETE WITHDRAWAL, the Financial Aid Office is required to determine the amount, if any, of "unearned" federal financial aid received by the student. A calculation will be completed to determine if the student is required to repay any funds.

Please refer to the SCC catalog for more information.

Students who successfully complete at least 6 units each semester, may not be required to repay a portion of the funds received. Dropping below half-time will affect the amount awarded and may disqualify you from certain programs.

General Eligibility Requirements:

- Be a US citizen or eligible non-citizen.
- Must have a high school diploma; pass a GED exam or the California High School Proficiency Exam.
- Have a valid Social Security Number.
- Meet Satisfactory Academic Progress requirements.
