STUDENT RESPONSIBILITY TO DROP CLASSES

Students who have enrolled for classes and decide not to attend must drop classes by Sunday, February 23, 2014, to avoid a "W." Classes dropped after that date will appear on the student record with a "W" grade. **You must drop your course online. Check your schedule to verify that the transaction was successfully completed. You are only eligible for a refund if you drop by February 23, 2014.**

ATTENTION! Even if you stop attending the class, you owe the fees unless you drop the class before Sunday, February 23, 2014.

Short term sections: Please check section info for specific dates.

MANAGE MY WAIT LIST—THIS IS THE STUDENT'S RESPONSIBILITY

- Once a class fills its seats to the limit, a wait list is created. Although you may see an open seat – you may only add yourself to the wait list.
- It is your responsibility to check your email **daily** to see if you have been moved from the wait list into an open seat. View your class schedule.
- When students are dropped for non-payment, seats may become available. Students on the wait list **WHO ARE ELIGIBLE FOR THE CLASS** will be rolled automatically into the open seats. An email will be sent to you when this happens. **You have 2 days to pay. Failure to pay on time causes you to lose the class and a place on the wait list.**
- If you have not met the class pre-requisite or if you do not have a class waiver (i.e., permission to register for the class online), you will remain on the wait list and never roll into an open seat.
- Online classes do not always allow wait listing. Most online courses overload their capacity. Once that capacity is filled, the class is closed. You will not be able to get on the wait list. **DO NOT EMAIL THE INSTRUCTOR.** You will not receive a reply.
- Some wait lists may have a maximum limit. If you cannot add to the wait list, then it must be full. Look for another section.

TESTS—PLACEMENT

PLACEMENT TESTING

Students who plan to take courses in English, English as a second language, math, reading and chemistry must take placement tests. SCC uses placement instruments approved by the California Community College State Chancellor's Office, which means that students' assessment profiles correlate highly with their ability to perform at their placement level.

English Placement: The college has two English programs and therefore two placement instruments, so students need to determine which test is appropriate for them. Taking the correct placement test puts students in the course which offers the kind of instruction they need. Native speakers of English should take the College Test for English Placement (CTEP); non-native speakers/ESL students should take the Test of English Language Development (TELD). Both tests can place students into English 101.

Math Placement: The Math Diagnostic Testing Project (MDTP) has four different levels. Students choose the level they feel best prepared for. Sample questions for each test level are available in the Testing Center, Counseling Center, and online at www.sccollege.edu/testing.

Chemistry Placement: To register for the chemistry placement test, students must call the Testing Center at (714) 628-4985.

Disability Accommodations: Students who require disability-related accommodations for placement tests must request them at least two weeks prior to testing and provide disability verification from a qualified professional. To arrange for testing accommodations, contact Disabled Students Programs and Services (DSPS) at (714) 628-4860.

Test Results and Coursework from Other Colleges: Recent placement results from other colleges (in the last two years for English or in the last year for math) may be accepted. Students must bring official copies of placement test results to the SCC Counseling Center (D-106) for verification and registration clearance. Placement test information from other colleges must include the student's name, name of the test(s), the testing dates(s), the raw score(s), and course placement.

Students who have attended another college and have completed the necessary coursework in English, math, reading, and/or chemistry can bring official transcripts to the Counseling Center for verification and registration clearance.

Steps to Complete Testing

1. New students must first apply to the college.
2. Students who apply early will be guided to schedule their testing appointment online at www.sccollege.edu/testing. Priority testing appointments are available on a first-come first-served basis.
3. Continuing students who have not tested or who need to retest should complete testing during priority testing.
4. After you complete testing, you will be directed to attend new student orientation and advisement with a counselor where you will receive your test results and other information about certificate, degree, and university transfer requirements, courses, and programs and services.

STUDENT SUCCESS AND SUPPORT PROGRAM

Senate Bill 1456 revised and renamed the Matriculation Act of 1986 as the Seymour-Campbell Student Success Act of 2012. Signed by Governor Brown on September 27, 2012, the program began on January 1, 2013 and will be implemented through stages over a five-year period.

The **Student Success and Support Program** supports the transition of new students into the college by providing them services that promote academic achievement and successful completion of degrees, transfer preparation, career technical education certificates, or career advancement.

Based on student responses to the SCC Application for Admission, students self identify as either matriculating or non-matriculating. Students identified as matriculating are referred to core services: assessment, orientation, and counseling. Students must complete assessment and orientation prior to their priority registration time. They also need to develop an educational plan which can be accomplished by enrolling in a counseling course, attending an educational planning workshop, or by scheduling an appointment with a counselor. Non-matriculating students are exempt from participating in core services, but they are advised to access these services if they decide to pursue a degree or certificate.

RIGHT TO APPEAL

Students who feel that they have been treated in a discriminatory manner, or would like to appeal their recommended placement level may file a complaint about any aspect of the college's assessment and course placement services with the Dean of Counseling and Student Support Services. Call 714-628-4775.

NOTICE (State Policy Effective Fall 2013)

- You will lose registration priority if you are on academic probation
- You will lose registration priority if you have more than 100 degree - applicable units

2. Repeatable Courses
When a course can be taken more than one time it is identified as being repeatable. There are limits to the number of times a course may be repeated.
3. When a course is repeated, the current grade replaces the previous grade. For further clarification, contact Admissions.
4. Extenuating Circumstances
Extenuating circumstances may be petitioned at the Admissions Office. Special circumstances are as follows: a significant lapse of time (3 years or more) since student previously completed the course or the occurrence of an accident, illness, or other circumstance beyond the control of the student. See the Admissions Office for instructions.
5. Variable Unit Courses
A variable unit course may be continued from semester to semester until the maximum number of allowable units has been successfully completed.
6. Education Code (Title 5)
Limits a regular course (one not designated as repeatable) to be repeated a maximum of 3 times. "W" grades count as a repeat.

COURSE WITHDRAWAL POLICY

A student who cannot continue a course has an obligation to withdraw officially through WebAdvisor. Students officially withdrawing after the refund period (February 23, 2014), from a full semester-length course, will receive a "W" grade (withdrawal); a "W" (withdrawal) from a course less than semester-length must be submitted before 75 percent of the course has expired (check section detail for deadlines). Withdrawing from a course after the above deadlines requires that the student receive an "F" or other letter grade. Consult the Admissions Office for answers to any questions regarding this policy.

PASS/NO PASS (PASS/FAIL GRADE)

Pass/No Pass petitions for full semester classes must be received in the Admissions Office by March 14, 2014. Pass/No Pass courses may NOT be taken in the student's major field and a maximum of 12 units of pass/no pass are allowed toward a degree program. All Pass/No Pass Petitions require a counselor's signature. Pass/No Pass does not include credit by examination.

ACADEMIC PLANNING

PREREQUISITES AND COREQUISITES

IMPORTANT DEFINITIONS

If you should see the words Prerequisite and Corequisite, in the class schedule, it is important for you to understand the definitions of these terms. Note that prerequisites and corequisites can be challenged. See Prerequisite Challenge Policy, on this page, for more information.

PREREQUISITE

Prerequisite indicates a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program. A prerequisite represents a set of skills or a body of knowledge that a student must possess prior to enrollment and without which the student is highly unlikely to succeed in the course or program. Students will not be permitted to enroll in such courses and programs without the appropriate prerequisite.

COREQUISITE

Corequisite indicates a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course. A corequisite represents a set of skills or a body of knowledge that a student must acquire through concurrent enrollment in another course and without which the student is highly unlikely to succeed. Students must concurrently enroll in the corequisite course.

RECOMMENDED PREPARATION

Indicates that while a course is not required prior to enrollment, it is highly advised in order to strengthen the likelihood of success in subsequent courses.

PREREQUISITE CHALLENGE POLICY AND PROCEDURES

COURSE PREREQUISITE POLICY

Prerequisite means the preparation or previous course work considered necessary for success in the course. The College requires students to complete prerequisites as pre-enrollment preparation. Prerequisites which are listed in the college catalog include:

1. Courses for which specific prerequisites have been established,
2. Sequential course work in a degree-applicable program, and
3. Courses in which an equivalent prerequisite exists at a four-year transfer college or university.

Questions about prerequisites are best resolved with a counselor or instructor prior to the first day of class.

PREREQUISITE CHALLENGE PROCESS / WAIVER PROCESS

A prerequisite challenge requires written documentation explaining alternative course work, background or abilities which adequately prepare the student for the course. A Prerequisite Challenge Form can be obtained from the appropriate division office. Prerequisites may be challenged for one or more of the following reasons:

1. The college has not developed the prerequisite according to its established procedures or has not developed the prerequisite in accord with existing statutes.
2. The prerequisite is discriminatory or is being applied in a discriminatory fashion.
3. The College has not made the prerequisite course reasonably available.
4. The student has documented knowledge and abilities equivalent to those specified in the prerequisite course.

The challenge will be reviewed by a committee consisting of the division dean, or designee, department chair, or designee, and one department or division representative or designee.

If space is available in a course when a student files a challenge to the prerequisite or corequisite, the district shall reserve a seat for the student and resolve the challenge in a timely manner. If no space is available in the course when a challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

CLASS SCHEDULE SUBJECT TO CHANGE

The Rancho Santiago Community College District has made every reasonable effort to determine that everything stated in this class schedule is accurate. CERTIFICATE OF ACHIEVEMENT PROGRAMS

A "Certificate of Achievement (18 or more units or state approved under 18 units) is a verification of achievement in a particular academic or occupational area, and it will be included on the official transcript." Certificate of achievement programs normally include only those courses which have a direct bearing upon specialized occupational competency since the certificate has the sole objective of immediate employment in a specialized area. For this reason there is no general education requirement in a certificate program. To qualify for a certificate of achievement, a candidate must meet the following requirements:

1. **Courses:** Courses are designated for the specific certificate.
2. **Grades:** At least a C grade in each course required for the certificate, unless otherwise specified. Credit by Examination may also be used to gain credit for required courses.

AMERICAN INSTITUTIONS REQUIREMENT (AI)

(Not part of IGETC. May be completed prior to transfer.)

CSU has an American Institutions graduation requirement that is separate from IGETC. To meet the CSU requirement, students should take Political Science 101*/101H* AND one of the following courses: History 118, 120*/120H*, 121*/121H*, 122*, 124, 127. These courses can be used for 6 of the 9 units required in Area 4 (Social and Behavioral Sciences).

UC requires the completion of a college course or courses with a grade of "C" or better OR a one-year course in high school in U.S. History or a half-year course in U.S. History and a half-year course in American Government with grades of "C" or better (UCLA requires grades of "B"). Requirements vary by UC campus. Check with a Santiago Canyon College counselor to determine which course(s) to take.

CERTIFICATION REQUIREMENTS

1. Complete all courses used for IGETC certification with a minimum grade of C (C minus is not acceptable). A "Pass" is acceptable providing it is equivalent to a grade of C or higher.
2. Request certification from the last California community college you attend prior to transfer to CSU or UC. Requests should be made to the Office of Admissions and Records during the semester prior to the last term of attendance. Please consult the class schedule or the Santiago Canyon College Counseling Department for deadline information.
3. Prior to requesting certification, have official transcripts on file from every high school and college you have attended.
4. Courses taken at other California community colleges will be applied to the subject areas in which they are listed by the institution where the work was completed.
5. A course taken at other regionally accredited institutions (which do not maintain an IGETC certification list) may be approved for certification via a "Pass Along Petition" and after a review by the Santiago Canyon College Articulation Officer. Pass Along Petitions are available from the Santiago Canyon College Counseling Department and must be accompanied by the appropriate documentation.
6. Courses completed at foreign institutions are not acceptable except for certification of competence in a language other than English.
7. Completing IGETC prior to transfer is strongly recommended and can be advantageous in the admissions process. Partial certification is permitted if the student has completed all but two courses on the pattern. Please see a Santiago Canyon College counselor for guidelines.

* Indicates that transfer credit may be limited by either UC or CSU or both. Please consult with a counselor for additional information.

** Official High School transcript must be on file in the admissions office. Area 5A, 5B, 5C: underlined courses have laboratory activity.

FINANCIAL ASSISTANCE

BOARD OF GOVERNOR'S FEE WAIVER PROGRAM

There are three ways for California residents to qualify to have their enrollment fee waived at SAC and SCC. Submit the completed BOGW form to the Financial Aid Office for Method A and Method B.

BOGW A UNTAXED INCOME

Complete the BOGW application and provide the required documentation showing you or your family are receiving TANF, Cal Works, SSI/SSP, or General Relief. You are also eligible if you have certification from the California Department of Veteran Affairs or the National Guard Adjutant General that you are eligible for a dependent's fee waiver, or if you are eligible as a recipient of the Congressional Medal of Honor or as a child of a recipient, or a dependent of a victim of the September 11, 2001 terrorist attack. In addition you are eligible as a dependent of a deceased law enforcement/fire suppression personnel killed in the line of duty. Verification of benefits is required.

BOGW B FAMILY INCOME

To be eligible, you must complete the BOGW application, signing a statement, under penalty of perjury, that the income information is true and that the family income does not exceed the state income standards determining eligibility.

BOGW C FINANCIAL AID APPLICANT

Complete the FAFSA application process, and provide the Financial Aid office with all required documentation. Once the need analysis is calculated, applicants with a least \$1,104 of unmet need will be provided with a BOGW C that will pay the Enrollment Fee for the entire academic year and provide a refund to students who have already paid.

The Financial Aid Application Process: Apply Now for 2013-2014

In order to apply for any financial aid program, you must complete the FAFSA, the Free Application for Federal Student Aid, and mail it to the processor or apply online at www.fafsa.ed.gov by June 30, 2014. If you are required to use your parent(s) income information, refer to the federal IRS Income Tax Forms. New applications are available every January. Receive a PIN # before you apply. Go to pin.ed.gov.

The state Cal Grant competition requires you to complete the FAFSA and to submit GPA verification. If you have completed 24 degree applicable units at Santa Ana College or Santiago Canyon College, your GPA will be sent electronically. If not, you will need to submit your high school GPA on the paper GPA Verification form. **Cal Grant deadlines are March 2nd and September 2nd.**

Once you have applied for financial aid, you will be notified by the processor with a Student Aid Report (SAR), giving you the Expected Family Contribution which determines your Pell Grant eligibility and BOGW C eligibility. The California Student Aid Commission will notify you of your Cal Grant eligibility. Each college you have listed on the FAFSA will mail you additional forms to be completed and turned into the Financial Aid Office. Check with the Financial Aid Office to see if you qualify for the Fee Waiver. After all required documents have been processed; you will be awarded the financial aid programs you are eligible for and an Award Letter will be mailed to you.

If your family circumstances have changed, due to illness, loss of a job, etc., ask about "Special Circumstances" that could affect your eligibility.

Withdrawals and Repayments of Financial Aid Funds

Federal regulations may require students to repay federal funds if they drop or withdraw from all classes or drop below half-time status, or are dropped by the instructor due to excessive absence. Based on the date of the COMPLETE WITHDRAWAL, the Financial Aid Office is required to determine the amount, if any, of "unearned" federal financial aid received by the student. A calculation will be completed to determine if the student will owe a refund.

Please refer to catalog for more information.

Try to successfully complete at least six units each semester, so that you are not required to pay back a portion of the funds you have received. Dropping below half-time will affect your award.

General Eligibility Requirements:

- Be a US citizen or eligible non-citizen.
- Have a high school diploma, pass the CAHSEE exam, GED completion or have a California Proficiency Certificate.
- Have a valid Social Security Number.
- Meet Satisfactory Academic Progress requirements.
- Not be in default on any federal student loan or owe a refund on any federal grant.
- Be enrolled in an eligible program of study leading to a degree, transfer or a certificate.
- Provide the Admissions Office with official academic transcripts from previous colleges attended.
- Drug convictions, while receiving federal aid, will disqualify eligibility.
- Male Students must be registered with Selective Service. Register online at www.sss.gov or call 847-688-6888 if you need your Selective Service Number.

FINANCIAL AID PROGRAMS FOR STUDENTS

Cal Grants

Cal Grants are available to California residents attending eligible California colleges who meet all criteria and are enrolled in at least 6 units. The programs are administered by the California Student Aid Commission. The annual application deadlines are March 2 and September 2 for community college students. A FAFSA and a GPA verification is required.

Cal Grant A

Eligibility is based on financial need and GPA. Assistance is provided to meet tuition and fee costs at four-year universities. Awards to community college students may be placed on "reserve" for a maximum of two years until they transfer to a four-year institution. Award amounts: \$5,970 at CSU, \$12,192 at UC, \$9,223 at independent colleges.

Cal Grant B

Is provided to students from low-income families with living allowance and tuition and fee assistance to attend college. The maximum award amount is \$1,473 per year and will be prorated for less than full-time students. This grant may be used at community colleges and universities, not to exceed four years. Cal Grant B students also receive tuition costs at the same levels as Cal Grant A, except at community colleges.

Cal Grant C

Assists eligible students enrolled in a vocational training program leading to a Certificate or AA/AS degree, not a transfer program. The maximum awards amount is \$547 per year, and will be prorated for less than full-time students.

Federal PELL Grant

Pell grant is a federally funded program for undergraduates who demonstrate need. The amount of the Pell Grant is based on the cost of attendance, the Expected Family Contribution, and the enrollment in number of units. Please check with the Financial Aid Office or visit the website for the maximum and minimum PELL award amount. If you apply late and you are eligible, you may be paid retroactively for the entire academic year. **"NEW" Pell Grants are now limited to 18 semesters.**

William D. Ford Federal Direct Loan Program

All students who meet federal financial aid eligibility criteria may borrow through the Direct Loan program. Funds are borrowed directly from the federal government.

Annual Subsidized and Unsubsidized Loan Limits are \$3,500 for freshmen and \$4,500 for sophomores.

Subsidized Direct Loan: The federal government pays the interest on this need-based loan while the student is in school, at least half-time.

Unsubsidized Direct Loan: The student is responsible for paying the interest on this loan that is not need based.

Additional Unsubsidized Direct Loans: Available to students who meet all of the qualification requirements. The annual loan limits are \$6,000 for independent students and \$2,000 for dependent students.

Plus Loans: For parents who borrow on behalf of dependent students.

Federal Supplemental Educational Opportunity Grant (FSEOG)

This is a federally funded grant, available to undergraduates who demonstrate exceptional financial need. Priority in awarding FSEOG funds must be given to Pell Grant recipients. Minimum enrollment is six units per semester. Early applicants are given priority.

Federal Work-Study Program (FWS)

This is a federally funded program providing employment opportunities to students with financial need. Students awarded FWS are placed in part-time jobs on campus. This program provides an excellent "learning experience" through on-the-job training. Students must be enrolled in a minimum of six units to remain eligible. Early applicants are given priority.

Chafee Grant

This grant is available to former foster youth age 13 and above. Awards are \$5,000 per year and the program has limited funding. To apply use the FAFSA application and the separate Chafee Grant application. There is a maximum age limit of 23 as of July 1 of the award year. No payments are made beyond the age of 23.

Extended Opportunity Programs and Services (EOPS) and CARE Grants

This is a state funded program designed to assist EOPS eligible students from low income families who are educationally disadvantaged, and enrolled full-time, with priority registration, orientation, personal and academic counseling, tutoring, study-skills, book services, bus passes, and grants. The CARE program provides students with the cost of child-care, transportation, and meal vouchers.
