TOTAL UNITS:			
ASSOCIATE IN ARTS DEGREE REQUIREMENTS			
I. Units and Residency Requirements 60-degree applicable units, with at least a 2.0 grade point average in the degree applicable courses. At least 12 of the units must be earned at Santa Ana College, Santiago Canyon College, or a combination of the two. Students may petition to waive the residency requirement in order to alleviate injustice and undue hardship. If units accumulated beyond those required for the degree lower a student's cumulative grade point average below 2.0, Santa Ana College and Santiago Canyon College will compute the grade point average based solely on those courses used to satisfy the degree requirements, provided that the coursework used to compute the grade point average fulfill all major/area of emphasis and general education requirements. II. General Education Requirements 24 semester units of general education which include one course or more as indicated in area requirements 1-7. (Students earning an Associate Degree for Transfer (ADT) must instead complete Cal-GETC. Students may also use full CSU-GE Breadth or Full IGETC certification to earn an ADT but will need to consult with a counselor to determine CSU-GE/IGETC eligibility). Courses from the major may be used to satisfy areas 1-7. The requirements in areas 1-7 may also be met by Cal-GETC certification or by submitting a transcript showing completion of a bachelor's degree from a regionally accredited institution. Students may also use full CSU-GE Breadth or full IGETC certification to meet requirements (student must consult with a counselor to determine CSU-GE/IGETC eligibility). In addition, the requirements in areas 1-7 may be met by submitting a transcript showing completion of an Associate of Arts or Associate of Science degree from a regionally accredited California institution within a ten-year period of finishing major requirements (III) at the college. III. Major Requirements: Each degree program specifies courses required for the major (a minimum of 18 units). Students must complete these courses with a grade of "C" or better or with a "P" if the course is taken on a Pass/No Pass basis*. See instructional programs section of the SCC Catalog. *A maximum of 14 Pass/No Pass units is allowed for any degree program. This does not include units taken under credit by examination or assessment, or units earned in course which Pass/No Pass is the only grading option. Petition for Graduation and Catalog Rights Petitions for graduation should be filed in the Graduation Office during the semester/session the student expects to graduate. Students who maintain continuous enrollment in at least one regular semester or session of a catalog year (fall, intersession, spring, or summer) at Santa Ana College or Santiago Canyon College may elect to meet the associate degree or certificate requirements in the SAC/SCC Catalog in effect at the time of first enrollment or may choose the catalog requirements from any catalog year of subsequent continuous enrollment. A student who has an interruption of attendance must use the catalog at the time of readmission or one of subsequent continuous enrollment. Commencement exercises are held once a year at the end of the spring semester for those students who complete the requirements for graduation during the academic year or the summer session from the previous academic year. Official Transcripts from all colleges attended must be on file in the Admissions and Records Office. What if I have a mixture of quarter and semester unit courses? How is this calculated towards the completion of an Associate of Arts. It will be calculated to the student's advantage per Area, using either semester or quarter units. To convert semester units to quarter units, multiply the semester by 1.5. To convert quarter units to semester units, divide the quarter units by 1.5.			
◇Courses with a diamond are cross listed with another course. Credit is given for only one course. *Duplicate credit will not be awarded for both the Honors and the regular version of a course. **Courses may be listed in more than one area but will not be certified in more than one area.
